### Cool and Youth-Focused Ads

### **Social Media Targeting**

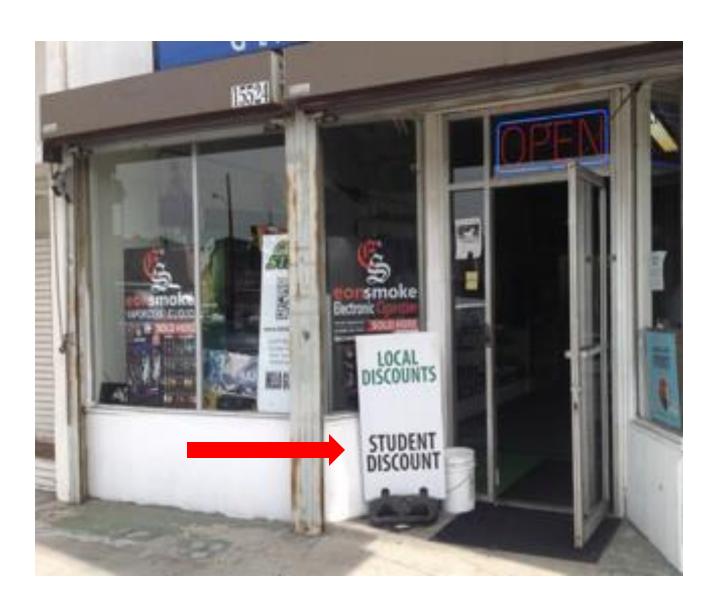

tobaccopreventiontoolkit.stanford.edu

 Problematic memes and cartoons are also distributed via Twitter or Instagram, which give youth the impression that using is okay

### **Access**

### **Access**

### **JUUL**

• JUUL Device: \$34.99; 4 JUULpods: \$15.99

• Cigarettes: \$9.55 per pack x 4 = \$38.20

• \$15.99 vs. \$38.20

JUULpods cost LESS than cigarettes!!!

### What you can do...

- Stay informed
- Talk to all youth
- Be an advocate

### Starting the Conversation

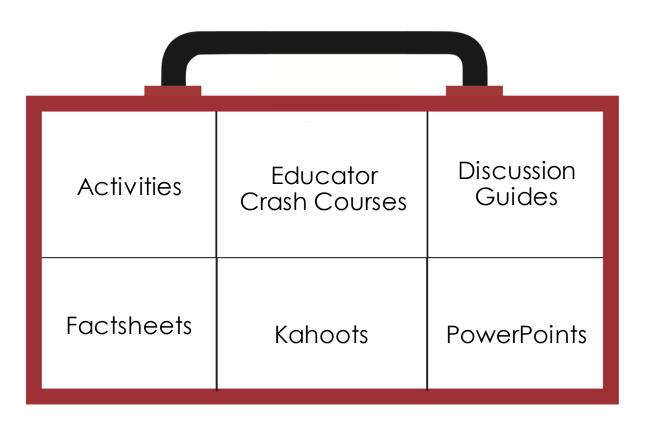

- Goal: to have a conversation, not a lecture
  - Find the "right time"
  - Be patient and ready to listen
  - Avoid criticism and encourage open dialogue
- Avoid "we need to talk," instead "What do you think about..."
- Avoid "you don't vape, right…"
- Use the right words! (vaping, Juuling)
- Continue the conversation
  - In-person, or via text/email, etc.
    - Sharing articles is a great way to stay engaged

### **Healthy Futures**

#### Healthy Futures: An Alternative-to-Suspension Curriculum

We know that many youth are being caught at school vaping and we have heard from many educators throughout the country that they are trying to work with these students to provide some education and secondary prevention. Thus, in response to numerous requests we have created an alternative to suspension curriculum called Healthy Futures.

1-Hour Healthy Futures Curriculum

This page lists activities for the 1-hour Healthy Futures curriculum. This can be used in a one-on-one format or in a group setting.

1-Hour Healthy Futures Curriculum >

### **ATS Goals**

- Provide awareness/education to students caught vaping
- ✓ If students are interested in changing habits, provide referrals for future support
