State of Homelessness in Santa Clara County

Root Causes of Homelessness

“The increase in homelessness is the result of a convergence of three key factors: the loss of affordable housing and foreclosures; wages and public assistance that have not kept pace with the cost of living, rising housing costs, job loss and underemployment, and resulting debt; and the closing of state psychiatric institutions without the concomitant creation of community based housing and services.”

**How is the community
helping people get
housed?**

Housing First - The solution to homelessness is housing!

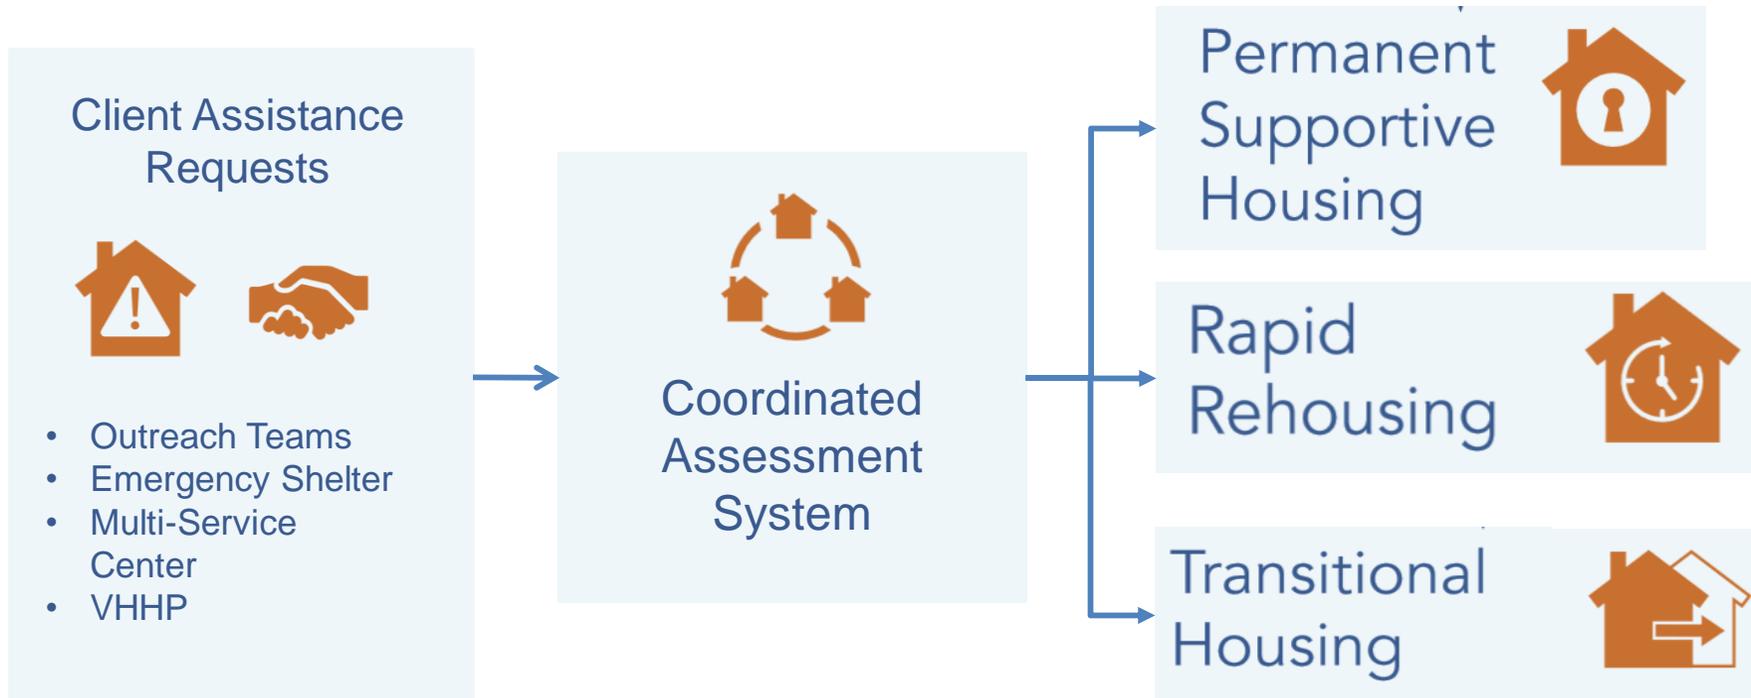

- ❑ The County follows a Housing First approach (not housing only)
- ❑ The goal? To quickly and successfully connect individuals and families experiencing homelessness to permanent housing without preconditions and barriers to entry
- ❑ Examples of preconditions: Sobriety, treatment or service participation requirements
- ❑ Supportive services are offered to maximize housing stability and prevent returns to homelessness as opposed to addressing predetermined treatment goals prior to permanent housing entry

Supportive Housing System

Supportive Housing System

**Five-Year Community
Plan to End
Homelessness**

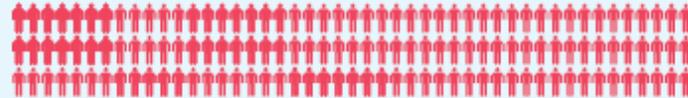

Supportive Housing System Progress 2015-2019

Thanks to the collective efforts of partners throughout the community, over the past five years, we have done the following:

Helped **8,884 households** resolve their homelessness,

representing **14,132 people**

Doubled the number of supportive housing units in Santa Clara County

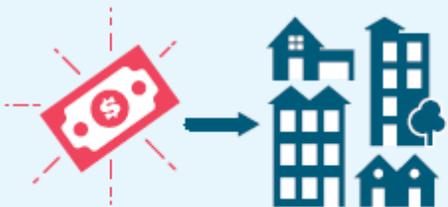

Doubled our temporary housing and emergency shelter capacity

Launched a new homelessness prevention system that now serves about **1,000 households annually**

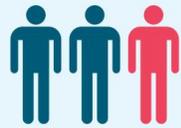

Led a community-wide campaign that has successfully housed more than **1,600 veterans** and engaged nearly **800 private landlords** in the effort

Voters approved **\$950 million** to develop affordable housing through the 2016 Measure A Affordable Housing Bond and raised another **\$100 million** in private contributions to support the implementation of the community plan

PREVIOUS PLAN PROGRESS TO DATE

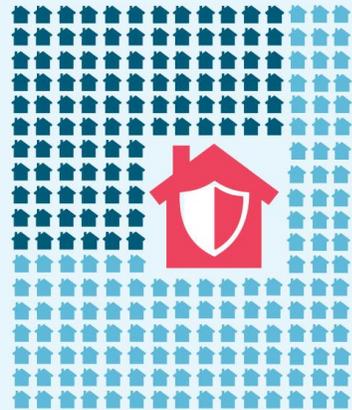

By 2025, we will:

Achieve a **30% reduction** in annual inflow of people becoming homeless*

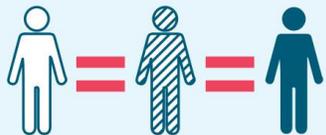

House **20,000 people** through the supportive housing system

Expand the Homelessness Prevention System and other early interventions to serve **2,500 people per year**

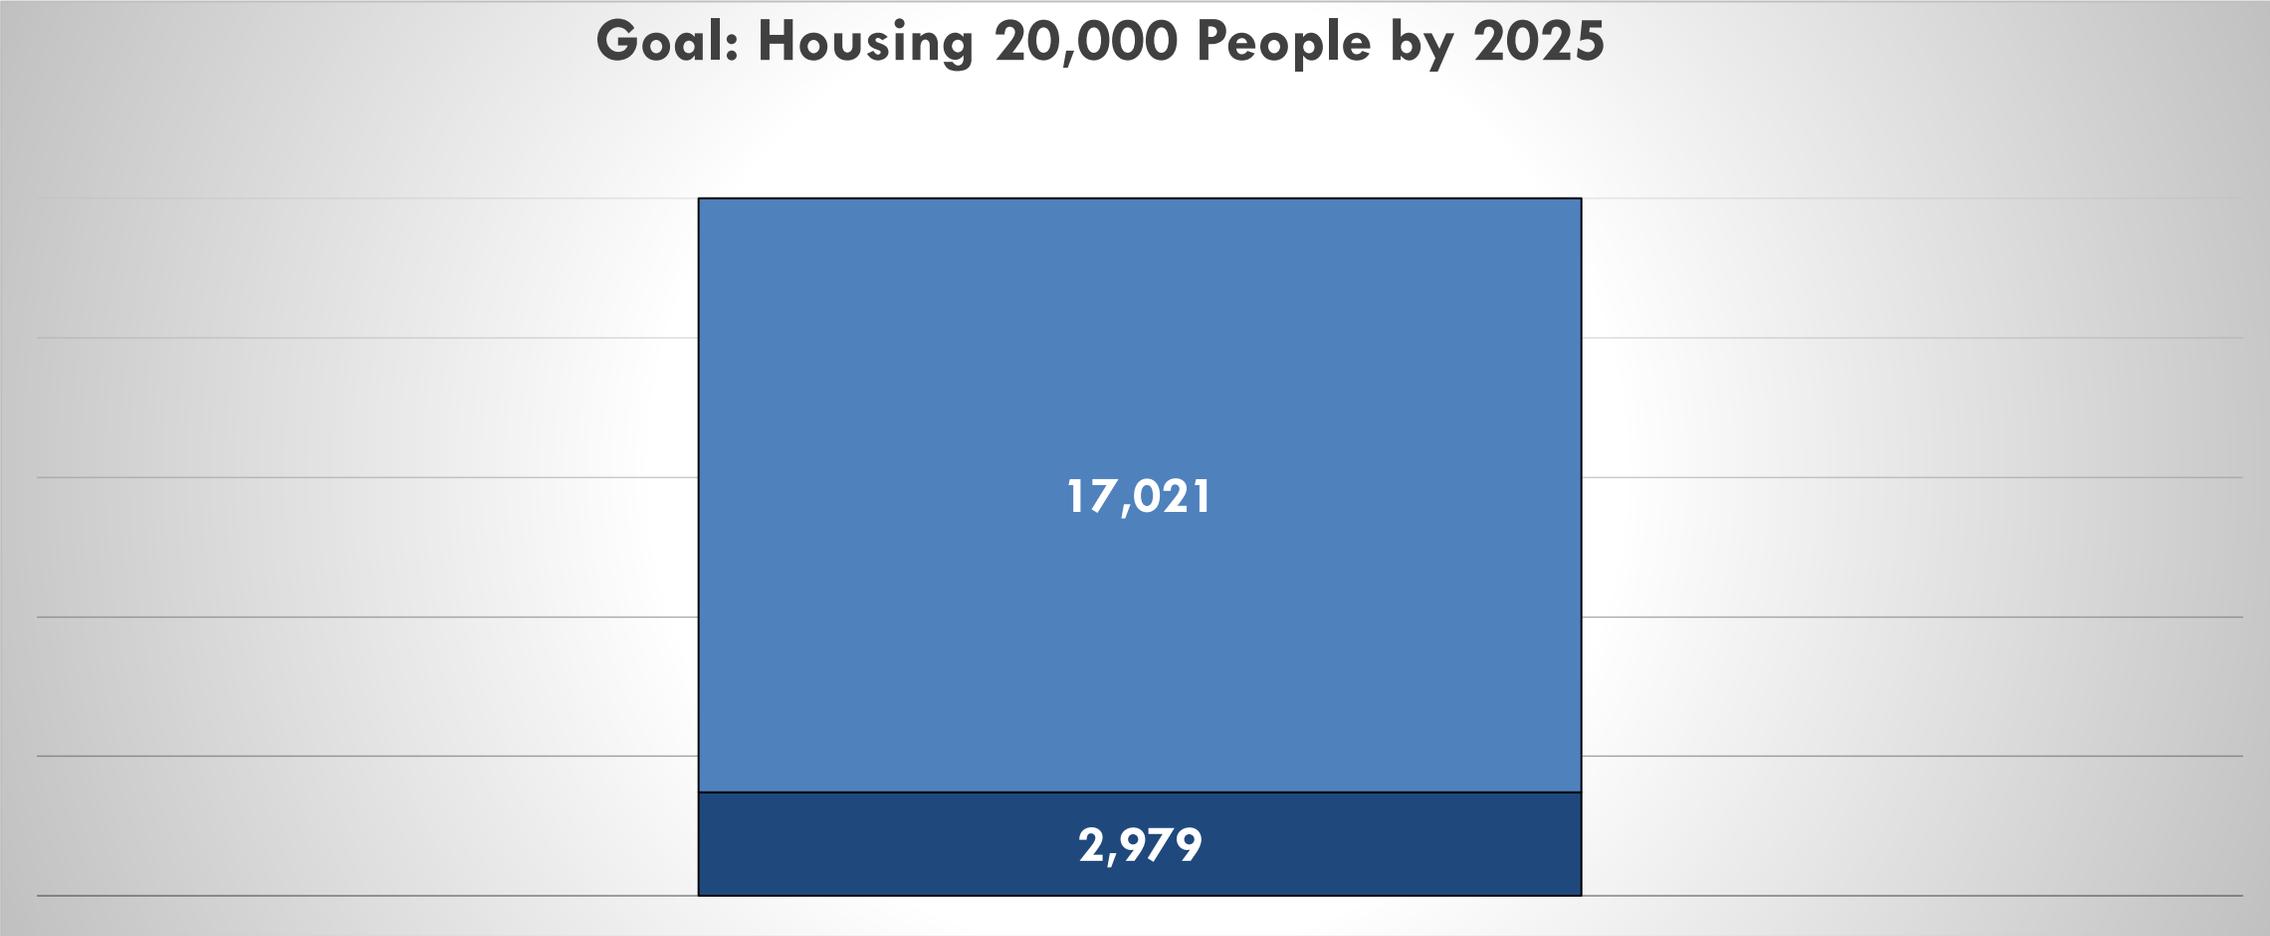

Double temporary housing and shelter capacity to reduce the number of people sleeping outside

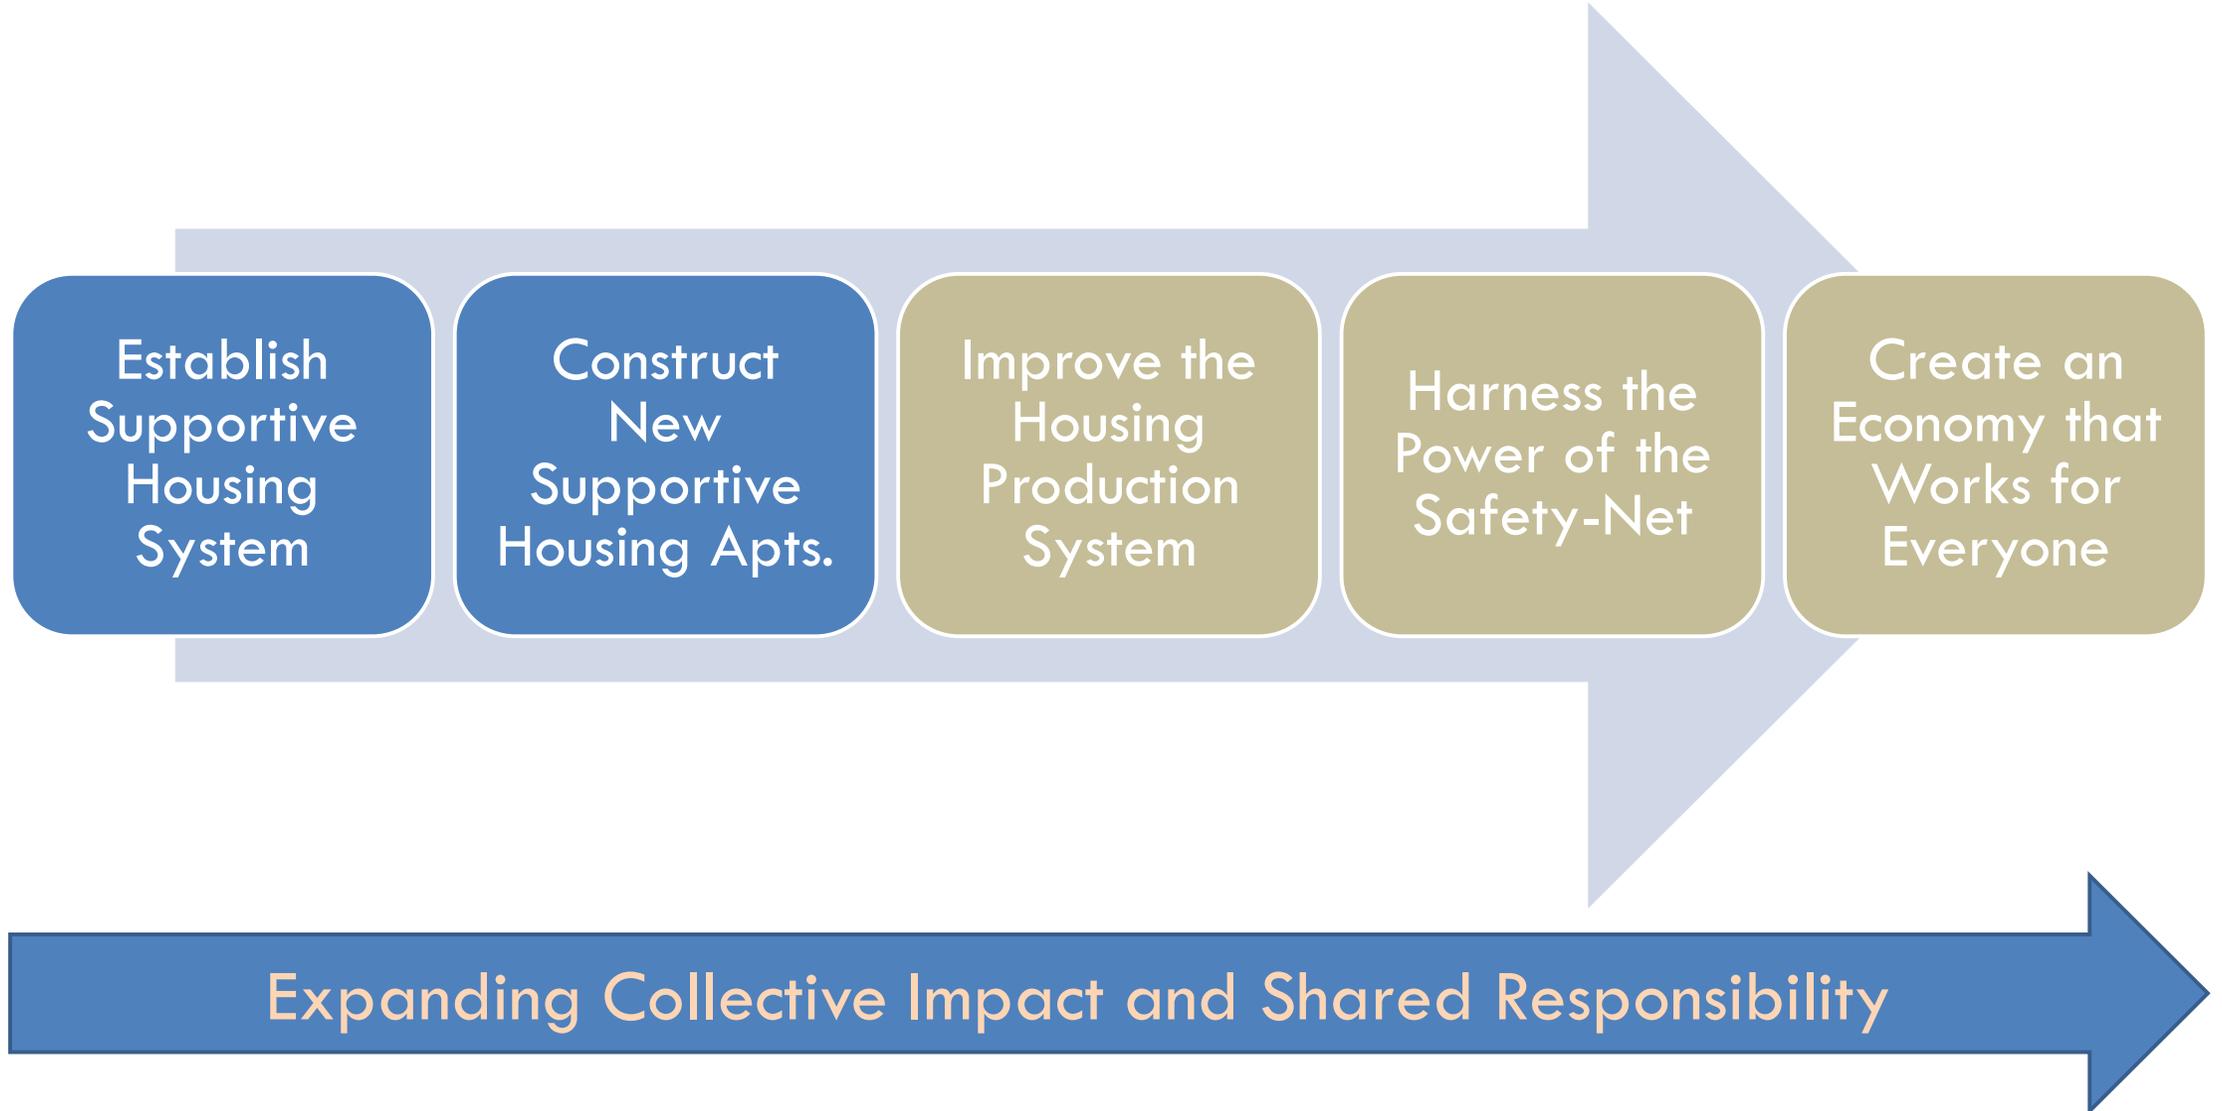

Address the **racial inequities present** among unhoused people and families and track progress toward reducing disparities
